IF YOU ARE NOT YET FAMILIAR WITH US...

Since 2001, Öntőgépszerviz Kft. has been serving its partners with experts skilled in hydraulics, electronics, machine assembly, and the foundry industry.

In addition to aluminum die-casting foundries, our main activity is comprehensive mechanical, hydraulic, and electrical servicing of production machines for industrial manufacturing companies. This includes ad-hoc troubleshooting, small and medium repairs, major overhauls, and monthly and annual maintenance work.

Beyond our expertise, our strengths in service include our speed and flexibility. We are at our esteemed clients' disposal with 15 service vehicles and 40 specialized professionals.

Our service activities are supported by our own commercial (domestic and international) and manufacturing (machining) capacities.

In addition to our service and maintenance activities, we design and manufacture various hydraulic equipment and special purpose machines according to the unique needs of our clients.

WE HOPE YOU WILL CONTACT US AND BECOME OUR CLIENT!

ÖNTÖGÉPSZERVIZ KFT.
